

Two Octave Minor Pentatonic Scales

The minor pentatonic scale has the scale degrees 1, b3, 4, 5, b7

◻ = Root

Guitar Fingerboard with All Five Minor Pentatonic Scale Patterns

1. You should work toward memorizing all five patterns. These are the most important patterns used in Rock guitar improvisation.
2. Practice using all down strokes first, then using alternating down/up pattern.
3. Start slowly, then increase your speed as your accuracy improves. If you make too many errors as you practice; you are practicing mistakes and should slow down.
